Starting May 1st the boats have been sliding in nonstop. Just a glance at the harbor is testimony to that as the moorings begin to be filled. On our cover is the Spray at Barden's in Marion. The battered docks and wharf facilities have been restored following Hurricane Bob so that storm is becoming just a bad memory. Only 2 short weeks ago, this was the ditch leading to Long Wharf tieing in the pipes and conduits for the service connections

The major transformation in Mattapoisett since "Bob" has been the work at Mattapoisett Wharf. The ruined Shipyard Park and wrecked Long Wharf and Middle Wharf have been treated to the greatest strengthening since they were built. The highway department's Wesley Bowman and his crew have reinforced the Long Wharf with massive lining of reinforced concrete. They have laid new water, power and sewer lines and as summer nears are preparing to resurface the deck and approach that had to be removed.

PARK MOTORS

FAIRHAVEN, MASS.

Selectmen Chairman John DeCosta has said that Wesley Bowman has seeded the area round the bandstand where trenches had been dug for wiring and had removed the shrubs which had grown too tall.

Mr. DeCosta also said that Bruce Rocha has straightened the storm wracked pillars of the gazebo and the town is grateful to him for this help.

Mattapoisett Selectmen John N. DeCosta, Daniel O. Mahoney and Paul Lambalot have performed miracles themselves in producing the funding for all of this. It is now nearing completion in time for the new season. No amount of praise can be excessive for this effort to restore the area which is the heart of activity in the village through the warm season. This is truly town government performing in a way which inspires great pride. If only our state and national government could make

MATTAPOISETT SELECTMEN'S MEETING
MAY 12, 1992- by VIRGINIA MORGAN

Selectmen last Tuesday voted to support the Tri-Town Housing Co-op in sending a letter of intent to the Economic Office of Community Development (EOCD) for its Soft-Second Loan Program and to give Lee Craver, president of the Co-op, approval to submit an application. The Tri-Town Co-op is comprised of Marion, Mattapoisett and Rochester.

Mr. Craver explained there is $1 million available for the grant program and the money is sitting there (in state government

accounts). "We feel we are in a position to use the money as we have a regional approach." He noted there is a May 15th deadline for funds to be reserved and awards will be made at the end of May, with funds distributed by the end of the fiscal year, June 30th.

The criteria for making awards, Mr. Craver said, is participation by each community, local lenders (all four banks will give letters of recommendation), strong community support, readiness to proceed, and last but not least, the information supplied in the grant request form. Mr. Craver said William Sketchley, professional planner, has been drafting information to be included in the grant request form; this will be an asset to the request.

The Soft-Second Loan Program is a vehicle whereby persons can purchase a home with 75 percent of the purchase price mortgaged at a low seven percent rate through Massachusetts Federal Housing Agency.

In other business, selectmen:

MET WITH Harbormaster Steven Mach and Highway Surveyor Wesley Bowman to discuss the progress of reconstructing the wharf. Mr. Mach said he is waiting for bids to come in on electric work.

Mr. Bowman said more concrete was needed than expected as the whole wharf appeared to be hollow; the concrete just kept flowing.

Mr. Mach said there is $3,000 left of FEMA money and $10,000 of money borrowed through the Enterprise Fund. Both officials noted the lights and parking lot would be completed after town meeting when they know just how much money there is available.

Mr. Bowman said his department has spent so much time working on the wharf that other needed projects have been delayed. "I really need to work on the roadway around Ned's Point Lighthouse in time for the July 4th road race", said the highway surveyor.

Selectman Paul Lambalot said he has received an offer of volunteer help in erecting a fence around Shipyard Park, with the town furnishing the materials.

Selectmen John DeCosta, chairman, Daniel O. Mahoney and Paul Lambalot thanked the harbormaster and highway surveyor for their good work, with special reference to Mr. Bowman who has been working at the wharf into the evening hours when it was dark.

MET WITH Fire Chief Donald C. Wood and town mechanic John C. Bowman regarding the status of a fire truck in need of repair.

Chief Wood stressed that there are three other engines in service and there will be no loss of coverage to the town. He explained the 1972 white fire truck #4 is getting old. "We are not asking for money for a new truck, but it will be costly to repair." Selectmen told him to get estimates on repairs.

Mr. Bowman said he checked the engine and the truck can be run if is taken easily. The pump is out-dated and leaks. The engine will have to be broken down to get at the section to do the repair work.

Chief Wood said if the truck needs to be replaced he would like to see the town purchase a brush truck. "As it is now, I have to call other towns for brush and woods fires. And, the cost for a brush truck would be less than for a regular fire truck", the Chief added.

MET WITH three citizens concerned about passage of the school budget overrides at town meeting and voting at the polls.

Displaying large buttons reading "Mattapoisett - Pride will Override", Cecile Sanders, Lenore Henderson, Kathryn Mahoney and ORR School Committee member Carolyn Cardoza urged selectmen to support the overrides for both the elementary schools in the amount of $270,883 and for the Old Rochester Regional District, $151,033 (Mattapoisett's share).

Ms. Sanders said, "We are part of a concerned parents' group doing all we can to urge voters to pass the overrides for the schools. We realize we must make the schools' budgets sound credible and we also realize it will mean a tax increase. If Mattapoisett doesn't pass the overrides, we will be cutting into academic services and this could be detrimental to the school getting its accreditation."

Chairman DeCosta said, "Personally I will support the school overrides, but we cannot do it as a board; we must be impartial." Selectman Mahoney explained "you have to concentrate on the voters at the polls. Explain to the voters about the fixed costs the school committees can do nothing about, such as special education, health insurance and transportation."

COMPLIMENTED Town Clerk Lois Ennis on the format designed by her for town meeting articles on overrides and especially for the format for voting at the polls on the overrides. "This should be much easier for the voting public", said the chairman. A re-

minder was issued that the override questions will be voted on June 16th at Old Hammondtown School.

SENT A LETTER of thanks to Mr. Jeff Canty of J.N. Canty Roofing for donating labor in the repairs to the town hall roof.

Canty workers replaced copper flashing, painted cupolas, re-plywooded and re-shingled the roof. The labor was donated with 12 workers and funding came from insurance money from damage caused by Hurricane Bob.

WERE INFORMED by the State Division of Marine Fisheries that the following area is prohibited for the taking of shellfish: town docks - the waters and flats of Mattapoisett Harbor inside or north of a line drawn in a southwesterly direction from the foot of Ship Street to the mouth of the Mattapoisett River and east of a line drawn in a southeasterly direction from the shoreline at the western bank of the Eel Pond known as Eel Pond Creek to the old wharf on Shell Beach at Mattapoisett Neck".

This notice corrects one made by the Division on September 4, 1991 following Hurricane Bob when the area was classified as restricted. In the rush to reopen shellfish areas after the hurricane, which occurred on August 19th, the Division inadvertently defined the area as restricted, when it is in fact "prohibited".

Presto Owners Honored

MAY 12, 1992 - by Virginia Morgan

"What will we do without the Presto Press?" has been heard often around town since owner Donald C. Jason announced his retirement and named the last week in May as the final issue. Mr. Jason said he has been inundated with phone calls and letters making the same comment, "What will we do without that weekly ritual?"

The Mattapoisett Board of Selectmen last Tuesday honored Donald and his wife Joan with a Certificate of Appreciation for 38 years of dedication and community service

Making the presentation was Selectmen Chairman John N. DeCosta, who noted, "You, Donald, as Editor of the Presto Press, have always been fair and generous in your comments of the Board of Selectmen over the years. You've printed the board's notices and you have given pleasure to many people. We appreciate all you have done for the town these past 38 years."

Joan, who has worked by her husband's side for the 38 years, was presented a corsage. She came to the surprise meeting with family members and the Presto's official greeter, the dog, Winston, to share the event with his master, Donald. Brought to the surprise with a ruse that this reporter did not show up for the selectmen's meeting and a camera was needed, Donald was truly surprised when he came with his camera and notebook and neither was needed.

Introduced was a special person, Mildred Jason, Donald's 93 year old mother, who is still working every Tuesday sticking address labels on the Prestos going to out-of-town subscribers. Donald and his late father, Walter, founded the Presto in 1954. Also attending were the two staff members, Anne Stowell who has worked

at the Presto for 26 years and Susan Grace for 5 years; and Barney Helfand, who delivers the Prestos to the post office and stores, and Donald's sister, Miriam Young and her husband, Lawrence Young.

Selectman Daniel Mahoney noted what a close family project the Presto has been. Lambalot said he had enjoyed the Presto for the 26 years he has lived in Mattapoisett and would like to see the style we've become accustomed to over the years remain the same. Donald replied "That's the way I'd like it."

Chairman DeCosta said that many checks have been received from summer residents who learned, through the Presto, that the town had no funds for band concerts. They immediately responded generously with checks. Thus, he said "The collection is fast approaching the level that will make them possible."

Chairman DeCosta said there has been a lot of reaction of people from out-of-town on the Presto's closing, saying "What will we do without the Presto? And, how will we

An Open Letter to Tri-Town Community

In June the local chapter of Dollars for Scholars will distribute a total of nine scholarships of $300. each to graduating seniors and continuing education students. This compares to twenty-two scholarships of at least $500 presented last year. This may, in part, be a reflection of reduced donations due to the poor economy; however, another factor is the apparent apathy of residents in the tri-towns to volunteer the time necessary for successful fund-raising activities. Each year new monies must be raised because all funds on hand are expended in June to provide scholarships. Since 1987, Dollars for Scholars has awarded $65,000 in 125 scholarships.

It is most unfortunate that the people of Marion, Mattapoisett and Rochester, the towns characterized as "special, nicer, seaside", have faltered in their volunteer efforts to support their youth aspiring to higher education. The present Board of Directors has appealed for help by letter, newspaper articles, personal contacts, as well as manning a table at this year's ORR Open House to recruit new members - only one parent expressed interest! one-of-a-kind prints. Mrs. Allyn's style combines expressionism and semi-abstraction in bold colors. The subjects often include female forms in various actions. The paintings blend common experience with memory and imagination to express her feelings about the world around her. All of her pieces are explorations of an interior world.

Jane Duff Gleason is a professional architect in private practice in Wareham. A graduate of Rhode island School of Design and Harvard University Graduate School of Design, Mrs. Gleason has worked in many capacities as architect, draftsman and designer. The paperworks in this exhibition include some renderings and a selection of papercuts in a variety of subjects resembling views through windows to abstract patterns.

Sarah Brown is a well-known painter throughout New England. Her watercolors combine light and color to create joyous flowers and seascapes drawn from life along the shores of Buzzards Bay. She also does custom murals for decks and pools. Ms. Brown is a resident of Marion.

This three person show will run through June 6th. Gallery hours are Tuesday through Friday, 1 to 5 p.m., and Saturday, 10 a.m. to 2 p.m. There is no admission charge.

ed at the Marion Art Center on May 21st, 22nd, 23rd and 24th at 8:00 p.m. (four shows only).

The plot centers around the premier performance of world-famous tenor, Tito Morelli (aka "Il Stupendo") at a fund-raiser for the Cleveland Opera Company sometime in the 1930s. Mr. Morelli (played by Donn Tyler) arrives late, indisposed and possibly unable to perform due to excesses graphically described by his feisty Italian wife, Maria (Jessica Shepardson).

Mr. Saunders, director of the opera company (Bruce Cobbold), storms about screaming commands at his assistant, Max, (Christopher LeBlanc) who also is a tenor, but too shy to perform. Max is in love with Saunders' daughter Maggie (Cheryl Larson), and Maggie is an adoring fan of Tito Morelli. Enter Diana (Anne Schenck), a soprano who is "sleeping her way to the Met", and the plot thickens.

Supporting character roles Julia (Joan Prescott), chairman of the Opera Guild and organizer of the gala reception, and the obnoxious bellhop (Jon Hanks)round out the cast adding just the right bits of humor.

To reveal more of the plot would not be possible in this space. Reservations for cabaret seating may be made now by call-

Sheena, a 2 year old spayed and declawed tiger cat, is so beautiful and loveable.

Rags is a three months old small terrier mix male who is looking for some loving.

Letter to the Editor

With the last issue of the Presto Press there will be no more photos of dogs and cats waiting to be adopted from the New Bedford Animal Rescue League.

bred dog (although she does have a high-pitched bark). We named her Suzy because her black eyes reminded us of a black-eyed susan flower.

Our friend, Milt Heuberger, also has an adopted dog which accompanies him in his truck and is a great companion for him. We're sure there are other heartwarming stories of an adopted pet bringing joy to a household.

The two daily walks with Suzy have been good for all of us. Please remember those pets waiting to be loved.

Wednesday during the months of June, July and August will be conducted by ORR boys' tennis coach Bob Hohne and his players.

The clinic will consist of 12 hours of group instruction. Each group will be limited to twelve players to insure maximum instruction time.

According to present plans, beginners will be scheduled at either 8:00 or 9:00 o'clock depending on age. The following two-time slots, 10:00 and 11:00, will be reserved for advanced beginners and low intermediates respectively. The final period, 12:00 to 1:00, will be for the intermediate players.

"We will try to maintain the greatest amount of scheduling flexibility to meet the needs of the students", explained Director Bob Hohne. "Hopefully, we'll be able to schedule according to age as well as ability and wherever possible according to summer plans."

The cost of the program will be $60. per player and is open to the public.

For registration or questions about the program contact Clinic Director Bob Hohne at 758-9081.

the games began.

The following girls had outstanding performances at this National Meet: Tiffany Jawor defended her title as Discus Champion and came out on top again this year. She was also second in the Shot Put. Heather Stroud ran the qualifying times in the Mile, made the finals, and ran them again to a time of 5:20. This performance gained her the area's best in that event. Although Heather MacDougal did not make the finals in the Long Jump, she did jump over 16 feet. Charlotte Harkins was fourth in the Javelin, Sheryl Briggs had to run the 400 Meter Hurdles four times, made the finals, and placed sixth. Jocelyn Periera was sixth in the High Jump.

Stephanie Anderson made the semi-finals of the 100 Meters. In the 5K race which is divided into age categories, Jessica Tallman won the Gold Medal for 14 and under while teammate Susan Voit took the silver in the 15 to 19 category. The race of the three days came at the end of Saturday where Sarah Pond had qualified the day before to be there. Sarah Pond won the Half Mile (800 Meters) in a time of 2:15.3.

The team would like to publicly thank the ORR Track Parent Boosters Club who, each year, provides all the money for this competition. We would also like to thank Juanita Barros, Laidlaw Bus Company, and others who made contributions toward this

Center School Time Capsule

The following poem was written by Kirsten Taylor Gingras:

CENTER SCHOOL - THE TIME CAPSULE

The front doors are now smaller, and she stands much taller;
Reflected in the showcase, appears a young girl's face;
The face is her own and she stands not alone;
Here come the girls and boys, hear the same sweet sounding noise!

Their pants are bell-bottoms, their shirts bear large collars,
A line forms to Mudgie, though then a lot taller.

the same.
On tip-toes they greet him and invoke a

Some things remain still through the ticking
of time,
Like aromas that waft through the halls
at lunchtime,
And the stairs, and the walls, and the
rooms, and the stage,
And the words that forever will stay on
this page.

In seventy-six, to rejoice the two hundred,
A time capsule was earthed to rest for one

Nostalgia and memories sealed in a tomb.
How she wished she could be there the day

Her offspring will have to be sure to attend,
So they may enjoy the composition she penned.
The end of each day meant to wait in bus

Tragedy of the Tar Pits. Maps, globes, research, books, charts and models have become popular tools during classroom study. The children found the geographical results of the ice age, especially those found in our area, to be of particular interest. As a culminating activity to this unit, each child has designed his or her diorama depicting a certain aspect of prehistoric times. Also, with the help of Mrs. McGraw, an interesting prehistoric mural was created. Upon completion of the study Lucas Menard from Miss Aiken's homeroom videotaped the children's presentations.

Dunes of Horseneck Beach

Explore the sand dunes at Horseneck Beach with the Lloyd Center on May 24th, from 1:30 to 3:30 p.m. You've seen the signs up all over the beaches: Do Not Walk in Dunes, Fragile Environmental Systems. Now you can learn first-hand why these dunes are protected. You'll see Horseneck Beach in a different light as your leader, Benjamin Guy, who is involved in a dune preservation project at Horseneck Beach, points out the botanical and geological aspects of the dynamic, moving, ever-changing, and fragile sand dunes.

Beach grass adapts to the desert-like environment of the beach and holds dunes together. Dunes are in danger of erosion and damage by beachgoers, off-road vehicles and pets. It doesn't take much to destroy fragile beach grasses and dunes or the many species of wildlife that use the dunes for nesting, protection, and raising their young.

assigned by a guidance counselor, and will spend one week attending each of those classes. During the rotation, the students will experience the shops, related classroom instruction and academic programs. During this three month period the students will have the option of requesting transfers into other programs for a more complete sampling of Old Colony's offerings.

"We encourage them to try whatever they would like to try", indicates Paula Simmons, Coordinator of Vocational and Academic Affairs. "All shops are open to both boys and girls, of course, and we encourage them to try several."

Following this period students, with parental approval, will select their areas of concentration. "Above 95 percent are placed in their first choice selections", Mrs. Simmons continues. "First choice placement is based on their performance in all areas - attitude, responsibility, workmanship, the ability to work independently and to follow instructions."

For more information please contact Paula Simmons at 763-8011, extension 27.

TYR®

Designed for competitive swimming ...

and for looking good while you're winning.

TYR (pronounced tier) was the god of warriors and the deity among athletes in Norse mythology. TYR was the patron of the sword and athletic sports; described as the most daring and intrepid of all the gods. It was TYR who awarded valor and victory to one of the sides engaged in battles and contests.

Men invoked TYR when going into battle and put his name on their equipment as a means of emerging victorious. Synonymous with courage and victory, and following in the tradition of its namesake, TYR Sport remains committed to the development of high quality performance equipment for today's warriors in aquatic sports.
